

# Copyright and Confidentiality Information Notice

Copyright © 2013 Technicolor Delivery Technologies, SAS - All Rights Reserved

*Distribution and copying of all and/or any documentation provided in or with this SDK, and use and communication of their contents as well as any output resulting from the use of such SDK and/or associated documentation are not permitted without express written authorization from Technicolor.*

*All programs delivered in this SDK are proprietary programs and know-how of Technicolor its affiliates and/or, where applicable, its licensors, and is protected as an unpublished work under applicable authorship protection laws as recognized by the Bern Convention. Recipient of the SDK shall retain these programs in confidence and is not permitted to use, make all and/or any copies thereof, or distribution of such SDK or part thereof nor any output work resulting from such use of the SDK, other than as expressly permitted in a written agreement with Technicolor, unless otherwise expressly allowed by applicable laws.*

*Notwithstanding the foregoing, Technicolor hereby informs you that some portions of the SDK are open source modules from third party. Such open source software are distributed and not sublicensed by Technicolor, under the terms of the applicable open source software license terms (available from the readme files). However, Technicolor code is a separate work. None of such third party open source software is used within any portion of code written by Technicolor. The Technicolor code is only linked to such third party open source software module or library (e.g. under Apache 2.0) "dynamically" and is not a "Contribution" and shall not be deemed in any manner as being a "Contribution" to such third party software.*

*Technicolor and Qeo are registered trademarks and trade names of Technicolor, and shall not be used in any manner without express written authorization from Technicolor.*

*Technicolor assumes no responsibility or liability for any errors or inaccuracies that may appear in these documents or the SDK or part thereof. The content of these documents is furnished for informational and evaluation use only, and may be subject to change without notice, and should not be construed as a commitment by Technicolor, UNLESS Otherwise agreed by Technicolor in a long form agreement.*
